- Core Java
- Java 8/11
- Spring Boot
- Spring MVC
- Hibernate/JPA
- RESTful APIs
- Microservices
- Spring Security

Frontend

- Angular
- TypeScript
- RxJS
- Bootstrap
- HTML5
- CSS3

Database

- MySQL
- Oracle

Cloud & Tools

- AWS Athena
- AWS OpenSearch
- AWS CloudWatch
- Git
- CI/CD
- Deployments

Soft Skills

- Problem Solving
- Quick Learner
- Consistency
- Client Collaboration

LANGUAGES

- Tamil (Native)
- English (Professional)

PROFILE

Full Stack Developer with hands-on experience in Java, Spring Boot, Hibernate/JPA, Angular, TypeScript, RxJS, Bootstrap, HTML5, CSS3, and strong knowledge of RESTful APIs, Microservices, and Spring Security. Skilled in role-based authorization, AWS integrations, and modular front-end development. Recognized for problem-solving ability, quick learning, consistency, and client appreciation.

WORK EXPERIENCE

Full Stack Developer (Java & Angular) | Sony India Software Centre

📅 Aug 2023 – Present

📍 Bangalore

- Worked as a Full Stack Developer, building responsive front-end applications with Angular, TypeScript, RxJS, Bootstrap, HTML5, CSS3 and developing backend services with Core Java, Java 8/11, Spring Boot, Spring MVC, Hibernate/JPA, RESTful APIs, Microservices, Spring Security
- Designed and implemented RESTful APIs integrating with multiple third-party systems such as AWS Athena, AWS OpenSearch, and Salesforce CRM, supporting critical business applications
- Implemented role-based authorization with Spring Security, ensuring controlled access and safeguarding sensitive business features
- Delivered responsive UI designs that adapted seamlessly across devices, improving accessibility and user satisfaction
- Familiar with front-end application splitting and modular development, ensuring scalability and maintainability
- Experienced in AWS CloudWatch log monitoring, application deployments, and Git repository maintenance, ensuring stable releases and effective troubleshooting
- Demonstrated strong problem-solving ability, consistency, and quick learning, adapting to new technologies rapidly and contributing reliably to project success

ACHIEVEMENTS

- Secured Spot Awards for exceptional performance in module delivery; designed and executed a project management framework that improved task completion rates, leading to the successful launch of 8 critical features
- Earned client appreciation for high-quality solutions
- Recognized for consistent performance, problem-solving ability, and quick learning
